DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner
inconsistent with its labeling.

- ?? Do not contaminate feed or food stuffs. Do not apply in
serving areas while food is exposed.
- ?? Place bait only in areas that are inaccessible to children
and pets.

Ants are attracted to and will feed on Uncle Albert's Super Smart Ant
Bait until they die. The ants return to their nests after consuming the
bait and feed their young and the queen. When all of the members
of the colony have consumed the bait, the entire colony will die.

Uncle Albert's Super Smart Ant Bait may be placed around and
under areas where ants are trailing or have been seen crawling,
including food cabinets, sinks, refrigerators, food storage areas,
window sills and frames (as well as exterior window sills and
doorways to help prevent entry of ants), opening around pipes,
baseboards, attics, garages, basements, storage areas, closets,
and other similar areas.

- ?? **FOR USE WITH BAIT CONTAINERS AND BAIT
STATIONS:** Wash hands thoroughly before handling bait
containers and bait stations to remove any odors that
may repel ants (i.e. tobacco, garlic, strong chemicals or
cleaners, etc.) Fill bait containers with 0.25 oz. of Uncle
Albert's Super Smart Ant Bait and place on the floor or on
a flat surface in areas inaccessible to children and pets
where ants are trailing or have been crawling.
- ?? **FOR DIRECT PLACEMENT:** (Not for use in California)
Make small, pea sized placements and/or thin lines of
Uncle Albert's Super Smart Ant Bait in areas where ants
may crawl. Long thin lines allow many ants to feed on the
bait.

Repeat placement of the bait as necessary until satisfactory results
have been obtained. Do not use sprays, foggers or any strong
chemicals or cleaners near the bait containers or placements. This
may contaminate the bait and cause ants to cease feeding. Please
bait stations and other placements on a flat surface only in areas
inaccessible to children and pets.

FIRST AID

Have the product container or label with you when calling a poison
control center or doctor, or going for treatment.

If Swallowed:

- ?? Call a poison control center or doctor for treatment
advice.
- ?? Have a person sip a glass of water if able to swallow.
- ?? Do not induce vomiting unless told to do so by poison
control center or doctor.
- ?? Do not give anything by mouth to an unconscious person.

If in Eyes:

- ?? Hold eye open and rinse slowly and gently with warm
water for 15-20 minutes. Remove contact lenses, if
present, after the first 5 minutes, then continue rinsing
eye.
- ?? Call a poison control center or doctor for treatment advice

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

Pesticide Storage: Store product in original container in a cool dry
place, out of reach of children. Do not allow product to freeze.

Pesticide Disposal: Wastes resulting from the use of this product
may be disposed of on site or at an approved waste disposal
facility. **Container Disposal:** Do not reuse container. Wrap
container in several layers of newspaper and discard in trash.

NOTICE: Buyer and user assume all risk and liability of use, storage
and/or handling of this product not in accordance with the terms of
this label.
